

COMMUNITY HUBS

Have you visited one of our
Active Travel Community Hubs?

Do you know what they can offer?

Would you like an Active Travel
Community Hub near you?

We have partnered with several youth, community and leisure venues to enable us to deliver sustainable travel activities, advice, information and support. This can include led walks and cycle rides, cycle maintenance workshops, Dr Bike sessions, training courses plus lots of other activities.

Have a look at our website and see what's on offer near you.

www.activetravelsefton.co.uk

If you don't have a Community Hub nearby but know of a suitable location where we could help set one up, why not speak to us and see what we can do.

We are also looking for volunteers for both our cycling and walking programmes so if you have the enthusiasm and a bit of free time, let us know.
